Enjoy Everett's beautiful Waterfront

Here are a few ideas for visitors and residents alike to enjoy Everett's waterfront:

• Boxcar Park

Boxcar Park butts right up to the water and is a perfect spot to enjoy a picnic, throw a frisbee with a friend or watch the sunset. Local Picnic Tip: The Sno-Isle Natural Foods Co-Op is a great place to load up on snacks.

• Howarth Park

Head up the trail through the forest and over the railroad tracks to a spectacular beach with killer views. The park also has trails, playgrounds, picnic shelters, and an abundance of water views! The pedestrian bridge gives

you easy access to the beach.

• Run, Walk, Bike

The Everett waterfront has a four-mile paved trail that'll take you past some pretty selfie-worthy scenery.

• Music at the Marina

On Thursday nights during the summer, the docks at the Port of Everett Marina transform into a huge outdoor dance floor. It's free to watch the music and beer and wine is available. Bring cash and your dancing shoes. A jacket is a good idea, too, for when the sun goes down.

The Puge Sound series is Fridays in August at the Guest Dock near Hotel Indigo.

• Fishing Charters

The Pacific Northwest has

an abundance of salmon and crab – not to mention a picturesque and rugged coast that is especially nice to see by boat. If you can, check out one of Everett's fishing charter companies.

• Kiteboarding

Jetty Island is a top destination for kiteboarding and if you're feeling adventurous, you can take a class and learn how. Not feeling gnarly? No prob, it's fun to watch from the beach.

• Jetty Island Days

Everett's sandy island of wonder is only accessible by a free ferry (unless you have a boat/raft/scuba tank). The island boasts two miles of sandy beach and the

water is shallow and warm (by PNW standards). Jetty Island Days run between July 5 and Aug. 31. Fun fact: Jetty Island is a top destination for Kite Boarding.

• Sail in Cinema

Catch free outdoor movies on select Friday evenings during the summer at Boxcar Park. Bring a blanket, junk food and enjoy the show. You can also "sail-in" and watch the movies aboard your boat.

• Food Truck Fridays

Feast on street food, lounge in the sunshine, and take in the views of the Olympic mountains. Every Friday from May-September, you'll find a host of food trucks at

Sunset boat watching at Boxcar Park.

• Grand Avenue Park Bridge

This pedestrian bridge connects the north end of Grand Avenue Park to the Port of Everett waterfront.

• Alverson Pedestrian Crossing

The crosswalk at Alverson Blvd. and W. Marine View Drive offers pedestrians a safe and easy way to access the waterfront via the Mill Town Trail.

Nestled in the heart of our region, Paine Field, established in 1936, has played a pivotal role in the regional, national, and global aviation scene.

Paine Field, or PAE, is more than just two runways: it's a cornerstone for Boeing's widebody aircraft manufacturing, testing, and delivery. From the elegant 787, to the workhorse 767 and its military counterpart, the KC-46, to the iconic 747, each aircraft has left an indelible mark on the skies. The production line for the 737 MAX will continue this legacy.

Yet, PAE is more than a workplace; it's a destination. Beyond the production buzz, PAE offers a glimpse into aviation history through the Flying Heritage & Combat Armor Museum. PAE embraces innovation and exploration through the captivating experiences offered at the Boeing Future of Flight Aviation Center and Everett Factory Tour. This dynamic duo not only provides a window into

the cutting-edge present of aviation but also offers a sneak peek into the exciting possibilities that lie ahead in the ever-evolving world of flight. PAE also hosts a vibrant general aviation community, proudly holding the top spot in Washington state and securing among the top five nationwide (per *Washington Post*). With more than 550 based general aviation aircraft, it stands as a testament to the airfield's role as a hub for enthusiasts and professionals alike.

As commercial air service graces Paine Field, it becomes more than a logistical hub; it's a gateway to adventure, a bridge connecting our region to the world. For the intrepid traveler, it's a promise of exploration; for investors, a golden ticket to a region buzzing with possibilities.
